

Financial Proof New I-20 or DS-2019

When you need to update finances, add dependents or extend your I-20/DS-2019, you need to provide proof of concrete funds for 12 months or the entire time of the extension (whichever is shorter) for all tuition and living expenses. **If you do NOT need to enroll full-time because you are in the final semester of coursework or you are completing your dissertation or thesis, you will need to state that on the request form at the time you are requesting the new I-20/DS2019 and provide the [Certificate of Completion](#) (direct form link in grid, below).**

Below are the current amounts that you need to show for 12 months. If you need the I-20/DS-2019 for only one semester, divide the total in half (or do the calculation for the amount of time needed). If you have a graduate assistantship, you will need a copy of your assistantship contract or a letter stating the full amount covered including tuition and monthly/hourly pay.

FOR DEPENDENTS (on F2 or J2): If you have a spouse you will need to show an additional \$6,000 in living expenses and \$4,000 for each child (add this amount to your total below).
